Insurance payment - \$41,000.00

Out of pocket expense - \$23,000*

This is just one of the exterior projects needed but is a priority at this time.

*This does not include any other damage discovered during construction

Describe how the organization plans to use the funds. Please include how use of funds will ensure long term viability of the organization: *

Any funds received from this grant will be designated for roof repairs not covered by our insurance claim. The Foundation is committed to preserving this historical home and its history. The home is an important through the men who lived there. Hale, Wilkinson, and Carter were all important figures during their time. The Home is a landmark. The Home is a tourist attraction and a community center. We are working with the effort to bring the Carroll County Creative Arts Center into being. It will be housed in the Home. We work closely with the Carroll County Historical Society. Preserving the home will ensure the Foundation.

Impact the funds will have on the citizens of Carroll County: *

During the past 2 years, fundraising efforts have been severely impaired due to the pandemic. Our budget has taken a hard hit. The home is 176 years old. In old photographs, it is evident the home was a gathering place for county citizens seen on the front porches. The home sits right in the middle of the Historic District and is a major tourist attraction. The home serves as one of the only venues for community use large enough to handle events in a beautiful setting. The Foundation desires to continue to fill this need for the community. With the roof repair, we can continue preserving our past to share with future generations.

Submitted to the Carroll County Administrative Office and Finance Department.
