CALL TO ORDER

The Carroll County Public Service Authority held their regularly scheduled meeting on Monday, December 17, 2018 at 3:00 p.m. in the Carroll County Governmental Center Board Meeting Room. Members present included: Dr. Thomas Littrell, Chairman, Jeanette Dalton, Keith Meredith, Vice Chairman, Doug Winesett, Phillips McCraw, and Garry Jessup. Also present were Executive Director/PSA Engineer, Jessica Montgomery and Dana Phillips, Assistant Director, Secretary/Treasurer of the Authority.

Dr. Littrell- Hope everyone survived the snow storm that we had. I know it was a bit of a challenge. It caused the meeting to be rescheduled which I think was a good decision because I couldn't get out of my driveway. We also had some problems in Cana which always seems to happen on weekends and worse weather, but our staff was very prompt in getting those repaired and so hats off to them having to work in such bad weather. The next item on the agenda is Citizen's Time. No one is signed up is there someone in the room that would like to speak?

Project Up-Dates

Cana Well Improvements Project

This was a Mount Rogers Grant for \$100,000 to be used towards well improvements. The grant amount is a match but it's working out with dollar to dollar and Mount Rogers will accept well related repairs in the past as well so any booster pumps or well pumps that we have replaced, we've put in there as well to get reimbursed. Number 8 which is the well across Oak Ridge was scheduled to have a camera dropped this week but unfortunately, we've had to reschedule that until after the New Year because of the water leak this weekend. We had a major water leak we had a 10-inch main break some time Friday night Saturday early morning hours. The tank was at 54 feet on Friday afternoon and it was down to 5 feet when they got there to isolate the leak area. So, we lost quite a bit of water through a 10 inch water main. They were prompt to repair that unfortunately after they left the site 3 wells lost power on Bear Trail due to a tree falling over on the power lines and they were not aware of it until the next morning around 9:30 a.m. and the third thing that happened is that we had booster pumps go out and well #8 sometime in the middle of the night so we didn't have any water in the tank after that. That is the reason for the boil water advisory. Some folks did unfortunately lose water, but this is just a precautionary advisory and everyone has been notified. We will take the samples hopefully today and we'll be able to lift this by Thursday. We'll schedule that camera to be dropped in to look at well #8 so we can do the filtration design hopefully sometime in January and we'll give you those updates. We also got some proposals out to engineers on call and got two of those back, so I'll review those and let you know who we choose for that work next month. And of course, we're looking at Scada on the tank in Cana and I have prices for those and that could have potentially saved us here if we'd had Scada on that tank to let us know the level was dropping.

Coulson Church Road/Ridge Road – Design Phase

This project is still on hold at this point.

- VDH has been here and is coming this week for routine inspections that they do every year
- Office items completed-
 - Daily - customer service, deposits, review of payments, bills, invoices, scan checks, balance bank statements, close-outs, etc.
Monthly - meter reading (office staff and field staff), print bills, print late-bills, prepare cut-off list, close-out, balance bank statements, etc.
 - Continue Rate Study (categorizing customers and producing possible alternatives)

Mrs. Montgomery – Any questions?

Mr. Meredith – Not about those but just for information it was in our board packet. Just so everyone knows about the agreement with the DOT in Virginia and North Carolina that on November 10th the obligation was met the 10 years have elapsed and we can get as much water as we need through that system now if we want to expand on that end of the County.

Mrs. Montgomery – Yes, we were limited to 10,000 gallons per day up until November 10th but now that thanks for pointing it out.

Mr. Meredith – So we're not limited now if we need to expand in that area we can purchase the water.

Mrs. Montgomery – Yes, we can.

Mr. Meredith – And we have a new rate in place with the city on that system as well, is that correct?

Mrs. Montgomery – Yes, we have a much better rate.

Dr. Littrell – Do we have an idea of the cost for just a transmission line between Exit 1 into the Mount Airy area.

Mrs. Montgomery – It's in the preliminary engineering report for Cana and I can get that to you but there were several different alternatives.

Dr. Littrell – But that would be less expensive coming from Mount Airy or across Surry County wouldn't it?

Mrs. Montgomery – There are a lot of difficulties coming from North Carolina, running the line in North Carolina and then which way you go depends on how many pump stations you need and then we would never have the possibility of picking up customers in North Carolina. You just have to look at the positives and the negatives.

Dr. Littrell- That would probably be a county expense if it came to fruition would it not?

Mrs. Montgomery – We did not get the number of users to sign up for any of those lines. Thank you.

OLD BUSINESS

Dr. Littrell - We still have the Hillsville Fire Department problem. Has that been taken care of?

Mr. Jessup – No. I can't get them to move the gas tank. Whenever Clark comes to move the gas tank we'll be ready to go.

Dr. Littrell – Well let's keep it in old business until they get it.

Mr. Jessup – That'll be fine.

AUTHORITY MEMBER'S TIME

Mrs. Dalton – The only thing I have is I'm glad everybody got through the snow okay and I wish you all a Merry Christmas and I do want to thank staff for working hard during all of this.

Mr. Jessup – Y'all put GPS devices on the trucks so who looks after it? You got a screen or how does it work?

Mrs. Montgomery – There's a website that it links to where we can keep up with it and it sends daily reports.

Mr. Jessup – Okay that's all I got.

Mr. McCraw – I'd like to apologize for all the citizens of Cana and it seemed to be a concern they thought we was out of water. We had the water it was in a busted pipe you know. So, it wasn't the fact we didn't have water we just couldn't get it to them. Washed out the road pretty good. Some have grilled me over the fact we could have gotten it from Mount Airy and we wouldn't have this problem. If we got it from Mount Airy or we got it from Hillsville or New York if there's a busted pipe same problem. So, I've had a concern about the condition of the pipes and still have a concern. We've had two water lines one in November and one in December one 8-inch one 10-inch goes what else we got in the ground. What problems are we facing? We got some that are wanting to expand. A lot of questions that I have. But I do want to apologize I know it's hard to do without water. One great thing is having water when power is off.

Mr. Winesett – I'd like to wish everyone a Merry Christmas and I think we're making some progress. I hope we can go forward and correct some things. Make improvements as we can. It's probably the best path for us that I can think as I see it but other than that Merry Christmas to everyone.

Mr. Meredith – I'd like to start off by thanking Jessica, Dana, and all the staff of course and want to wish everyone a Merry Christmas and as Phillip said we do have some aging structures in the County. Some of the systems have been in place over 25 years. I think the Cana system in the mid to late 90's. It's just hard to predict where you're going to have problems. Winter time seems the worse with the freeze and the thaw. It's not when it freezes it's actually when it thaws out. Not that we've had a deep freeze but I'm sure we'll see some more. Not trying to be pessimistic just being realistic. I do think we have staff in place to address the needs as it comes up. For such a big leak, we lost about 50 ft in the tank in Cana in a very short amount time and it was back up within 18 hours or so and it's not terrible. We'd like to do better but that was pretty significant, but I do think most citizens are appreciative of the water system. When the power is out they do have water. As I mentioned earlier I am glad we have a system in place in North Carolina with Mount Airy now that we can get water. More water than the 10,000 gallons we were limited to and hopefully things will develop we'll get some more development in, more customers in, to offset the costs taken on to get those systems in place. Other than that, want to thank you for being the Chairman again this year.

Dr. Littrell – Well, I'll get on the bandwagon and wish everybody a Merry Christmas also. And thank staff and everyone who helped get this solved and fixed up for everybody. I do want to make mention of our next meeting in January. It's going to be a little different. The PSA meeting will start at 2:30 p.m. instead of at 3:00 p.m. on January the 14th and we'll have an organizational meeting at the very beginning of that meeting. Then we will meet for about half an hour or so whatever we need and then assuming that the Board of Supervisors approves it at our next meeting today there will be a joint work session between the PSA and the BOS at 3:00 p.m. here in the room. If they don't approve it we'll have to make some changes. So, unless there's any other business that needs to come before the PSA I'll declare the meeting adjourned.

Cana/Meadowbrook Water – Planning Phase

The CCPSA has received a MRPDC grant (\$100,000) to be used toward well improvements. SCADA prices have been received for the Cana Tank level and Well #8. Work is scheduled to have a camera dropped in Well # 8 in the month of January as weather permits. The Lane Group has been selected to design the filtration system on Well #8 after the camera results are back. MRPDC will accept well-related repair expenditures (pump replacements, electrical work, engineering services, etc.) paid within the past 12 months to be counted toward the match requirement.

Coulson Church Road/Ridge Road – Design Phase

The project is currently on hold the PSA is reviewing the budget and other items. Plans for the proposed work have been submitted to and approved by VDH. Working on securing other regulatory permits. Plans and specifications have been submitted to the funding agency for biddability review, comments have been received, and have been responded to. Draft easement documents have been prepared for those locations where the water line would be installed off of VDOT r/w, and the draft easements have been provided to the CCPSA.

FUNDING APPLICATIONS

No active funding applications at this time.

PSA Update:

The PSA has approximately 200 miles of water lines, 50 miles of gravity sewer lines, 25 miles of force main sewer line, 795 fire hydrants, 12 sewer pump stations, 12 water storage tanks, several wells and several water booster pump stations. The PSA's Water systems are as follows: Cana, Exit 1, Fancy Gap, Regional, Tower Road and Hillcrest Estates. The PSA's Sewer systems are as follows: Fancy Gap, Woodlawn, Gladeville/Cranberry, Hillsville and Loves. All of this is operated and maintained with a staff of 14 people.

RE: BOARD TIME

RE: CLOSED SESSION

Discussion of Personnel – Chief Water Operator 2.2-3711 A.1

Chief Operators Notes

1. Flocculation basin number one was cleaned on December 18, 2018. Both flocculation and sedimentation basins have been cleaned and are ready for the winter season.
2. On December 12, 2018, PH probes were replaced on #1 and #2 treatment train inline PH monitors. Replacement was decided due to irregular readings on the SCADA.
3. A plastic, cracked shut-off valve was dug-up and replaced by R & R Enterprises, Inc on November 30, 2018. The damage was due to freezing temperatures and occurred on a 2 inch waterline connecting the lagoon yard hydrant to the main plant 8 inch waterline. The broken valve was replaced by a coupling fitting rather than a new valve.
4. Due to Shawn Brooms' recent departure and his possession of a Virginia Wastewater Works Class 2 license, no one at NRRWA is currently licensed to sign the quarterly Discharge Monitoring Reports (DMR) for D.E.Q. Therefore, Gary Johnson will sign the operator portion and Stephen Bear will sign the Authorized Agent portion. D.E.Q. has received notice of this change.
5. Mr. Jonathan Hanks has been approved to sit for his Virginia Class 2 Waterworks exam. The exam will take place January 3, 2018.

RE: VENDOR TIME

Chairman Bear inquired if any vendors were present who wished to address the Authority. There being no vendors to address the Authority, Chairman Bear proceeded with the agenda.

RE: APPROVAL OF INVOICES

Chairman Bear advised that the next item on the agenda was the Approval of the Invoices as follows:

1. AEP	\$11,717.20
2. Town of Wytheville	\$87,939.21
3. Wythe County	\$19,964.99

- | | |
|--------------------------------------|------------|
| 4. Diversified Integration, Inc. | \$2,580.00 |
| 5. 1 st Quality Air, Inv. | \$700.79 |

Chairman Bear inquired if there was any discussion on the invoices presented. There being no discussion, Chairman Bear inquired if there was a motion to pay the invoices. A motion was made by Mr. Truitt and seconded by Mr. Hand to pay the invoices as presented. The motion passed unanimously, with all members present voting to pay the invoices.

RE: CHIEF OPERATOR'S REPORT

Chairman Bear turned the meeting over to Chief Operator Shawn Brooms for the Chief Operator's Report.

Mr. Brooms reported on the cleaning of sedimentation basin number one. He stated that the number one sedimentation basin was cleaned on November 7, 2018. Mr. Brooms explained that they are caught-up with the basin cleanings and the basins should last until the spring before they need cleaning again.

Mr. Brooms reported on the preventative maintenance and winterization of the plant. He stated that the oil had been changed in the flocculator motors, high service pumps and chemical feed motors. Mr. Brooms, also, stated that the insulation covers had been placed back on the air ventilation system throughout the plant. He explained that 1st Quality Air, Incorporated was onsite to change the oil and service the air compressors at the plant and river pump station. Mr. Brooms mentioned that the heat tape had been turned on to the main water line, which runs underneath the bridge crossing the New River.

Mr. Brooms reported on the calibration checks of flow meters throughout the plant and system. He stated that flow meter checks were conducted by Mr. Greg Kimble, who is with Diversified Integrations, Incorporated on October 23, 2018, and October 24, 2018. Mr. Brooms explained to new board members how the calibration check is performed. He stated that the following flow meters in the plant were checked, three filter effluents, back-wash, finished water and two treatment trains. Mr. Brooms explained that the meters out in the system that were checked included the Austinville Pump Station, Raw Water Pump Station, Fort Chiswell Pump Station and Mark IV Valve Vault. Mr. Brooms mentioned that he has a more detailed report of the calibration checks that were provided to him by Diversified Integrations, Inc. and that he can provide the reports to Board members should they ever need it.

Mr. Brooms stated that he was going to report on the interviews for the Operator/Trainee position, but because of inclement weather the interviews had to be postponed. Chairman Bear asked for Mr. Brooms to reschedule the interviews and complete them as quickly as possible.

RE: CLOSED SESSION

Chairman Bear advised that the next agenda item is a Closed Session as permitted by the Code of Virginia Section 2.2-3711 (A)(1) to discuss Personnel Matters. Vice-Chairman Sutherland moved, and Mr. Reeves seconded the motion that the New River Regional Water Authority go into a Closed Session as permitted by the Code of Virginia Section 2.2-3711 (A)(1), to discuss Personnel Matters. Chairman Bear inquired if there is any discussion on the motion. There being none, the motion was approved with the following voting in favor and there being no opposition: For: Stephen Bear, C. Wayne Sutherland, Jr., Steve Truitt, Tim Reeves, Joseph E.

Hand, Jr. Against: None. The motion passed unanimously, with all members present voting to go into a Closed Session.
