Call to Order

Mr. Mitchell called the meeting to order at 3:40 PM.

Consent Agenda

Mr. Truitt made the motion to approve the consent agenda and treasurer's report as presented. Mr. Hill seconded the motion, which carried unanimously.

Wildwood Commerce Park

Mr. Campbell informed the board that the wastewater project is moving along fine. We have received the next pay request. The revised completion time line has the project competed by May. The last easement was obtained. There is a progress meeting March 27th, which Mr. Campbell plans to attend.

Natural Gas Interconnect Update

Mr. Campbell shared that MRPDC approved a \$50K loan. With that loan we still need approximately \$430K.

The Blue Ridge Crossroads Region is Virginia's "Entrepreneurial Region."

FY 2017 Audit

Mr. Campbell shared that the BRCEDA audit looks good. No internal findings which is always good.

Mr. Barker made a motion to accept the audit as presented. Mr. Hill seconded the motion, which carried unanimously.

SBDC Report

Ms. Archer shared that SBDC received the sub award from GMU. We can begin requesting reimbursements for 2018. Enterprise Zone applications are due April 2nd. River Ridge Meats will have 2. Ms. Archer will get back to Boss Lumber and Access Home Health to see if they have anything going in.

The 2017 Economic Impact Survey process has been completed. The results were great with SBDC helping to create 16 new businesses and 41 new jobs. The SBDC services assisted businesses to retain 37 jobs and secure \$1,371,088 in capital formation funding.

Mr. Barker suggested the report be updated to include return on investment of local dollars leveraged. Ms. Archer will tweak the reports to share with the BRCEA board members at a future date. Based on quick calculation the ROI is \$20.33 for each dollar of local funding.

Directors Report

Mr. Campbell has a pay request for DLB that is currently being processed.

Announcements

Closed Session

Mr. Hash made the motion to enter closed session, pursuant to Virginia Code Section 2.2-3711 A (5) prospective industry and A (1) discussion of prospective candidates for employment. Mr. Hill seconded the motion which carried unanimously.

Mr. Truitt made the motion to return to open session. Bill can't second since he wasn't there, seconded the motion, which carried unanimously.

The Blue Ridge Crossroads Region is Virginia's "Entrepreneurial Region."

Our Story

There's a united strength to this bank, just like this region. Yes, banking is a basic; but it's the supportive work and passion that we all put behind it that makes a difference --that caring connectedness and history we share. Our bank is able to flex. willing to assist, eager to help, able to customize and committed to partnership. We stand behind you, deliver our best service, provide solutions, stay close for the outcomes, and make those highly personal investments that are really outside of everything you'd expect from a bank.

MEMORANDUM Re: 2018 SBDC Budget Amendment Request

The Blue Ridge Crossroads SBDC has received notification of award from SBA for the 2018 calendar year budget. (January 1, 2018 – December 31, 2018) With the notification came some GREAT news! Our SBDC has been funded by the federal government at 2017 levels AND we received an incentive payment based on how well our center performed from 2014-2017.

An amended budget was submitted to SBA on 4/13/18 and is being presented to you for approval. Please see the attached document for changes.

I am seeking approval from BRCEDA for two items.

- 1) Approval of amended budget presented to you.
- 2) Approval of a 6% raise for both Ginny Plant and Mandy Archer that is retroactive for calendar year 2018.

Please review the following information regarding the above requests.

Expenditure Overview

Salaries & Fringe:

- Recommendation of 6% salary increase to accommodate rising insurance costs and a staff raise. Approximately 3% towards insurance and 3% towards a raise. (The amount varies because of different insurance costs) The recommendation is for this raise to become retroactive for 2018.
- Fringe budget was amended to accommodate the employer portion of increase in health insurance. It is a 10% increase over 2017 employer portion of premiums.

Salary Increase history since hiring dates in November/December 2011:

- o CY 2012 incentive bonus of \$3,500 total between staff
- o CY 2013 raise of 3%
- Other salary adjustments have been made to accommodate VRS changes

Supplies:

• Technology upgrade(s) for training and mobility of office

Contractual:

- Pre-pay CY 2019 rent
- Pre-pay FY 2020 cybersecurity insurance
- Continue to receive contractual IT services

Other:

- Print new brochures or postcards for mailing
- Added the landline to telephone bill
- Subscribe to software for efficiency, mobility, and confidentiality
- Marketing for training and special events

Sanitary Sewer and Water Distribution System Improvements

As referenced in BRCEDA's Request for Proposals, Engineering Services, RFP No. W 001 (A/E), dated May 6, 2011 and last updated May 19, 2011, the following services are proposed as the next steps to provide up to 400K GPD sanitary sewer capacity and a water main loop for Wildwood Commerce Park. The proposed services are an amendment to our Task Order No. 11 Amendment dated December 10, 2015.

- 1. Construction Phase Services: Draper Aden Associates and TLG will jointly provide technical support and assistance during the construction phase as outlined in the previous amendment through June 2018.
- 2. Resident Project Representation (RPR) Services Sanitary System Improvements: TLG will provide RPR services to observe and monitor the construction contractor(s) during the construction period for the construction of the sanitary sewer system and water improvements as outlined in the previous amendment through June 2018.

1. STATEMENT OF PURPOSE

The goal of these Covenants for Wildwood Commerce Park is to establish a general plan for the orderly, consistent, and compatible improvement, development, and use of the Park. The provisions included in these Covenants are designed to protect and enhance long-term property values, provide pleasant and productive working environments, and ensure the construction and maintenance of high-quality buildings, which are integrated into an attractively landscaped environment. The Covenants are intended to be applied to Wildwood Commerce Park lands to protect owners of improvements against improper and undesirable uses within the Park, contribute to the development of the community, and enhance the region. These Covenants are established and promulgated in the interest of promoting this goal in a manner that encourages planning and design consistent with this goal.

The lands of Wildwood Commerce Park are subject to the provisions of these Covenants, which run with the land and each and every part thereof, insofar as federal, state, and local laws permit, to ensure proper use of appropriate development and improvement of said premises, the community, and the region so as to:

- 1. Protect the owners, and tenants of parcels against such improper development and use of surrounding parcels as will depreciate value and use.
- 2. Prevent the erection of structures constructed of improper or unsuitable materials or with improper quality and methods of construction.
- 3. Ensure reasonably consistent development of the property in keeping with the overall goals of Wildwood Commerce Park to promote quality development.
- 4. Encourage and ensure the erection of attractively designed, permanent improvements appropriately located within the property in order to achieve harmonious appearance and function.
- 5. Ensure the construction of adequate off-street parking and loading facilities.
- 6. Establish common spaces for the benefit of occupants, tenants, owners, and the public.
- 7. Promote the compatibility of the development and use of parcels with the integrity, beauty, and character of the environment.
- 8. Generally promote the welfare and safety of occupants, tenants, owners of parcels, and the community.
- 9. Promote economic development and diversity of tax base.

2. APPLICABILITY AND EFFECT

These Covenants are applicable to all privately owned or leased parcels located within Wildwood Commerce Park and shall become effective and in full force upon recordation in the Carroll County Circuit Court Clerk's office.

3. DEFINITIONS

The terms indicated in boldface type below shall have the accompanying meaning for purposes of these Covenants.

Aggressive Non-Native Species shall mean those species of plants which are not indigenous to Carroll County and which, when planted in the County, can be expected to spread quickly beyond their immediate location (e.g., by rapid growth, excessive sucker growth, allelopathy, out-competing native species, prolific reproduction, or wide dissemination of seeds).

BRCEDA shall mean Blue Ridge Crossroads Economic Development Authority; officially known as Carroll-Grayson-Galax Regional Industrial Facility Authority.

Greenspace Areas shall mean natural or naturalized areas. Maintenance of these areas may include being mowed or "bush-hogged" only occasionally (e.g., twice per year).

Landscaped Area shall mean all parts of the site which are not covered by buildings or paving, and which are not being set aside as greenspace areas as defined in siting agreement.

Nuisance Non-Native Species shall mean those species of plants which are not indigenous to Carroll County and which, when planted here, can be expected to produce unpleasant odors, prolific fruit seeds, excessive trash or twig drop, or other hazards to the general public, such as skin irritation.

Parcel shall mean any lot or area, designated on the approved site plan for development, excluding publicly owned greenspace, preservation, and other common areas, and roads, within Wildwood Commerce Park.

Park shall mean Wildwood Commerce Park.

Siting Agreement shall mean an agreement between the developer and BRCEDA concerning specific details of development and shall include, but is not limited to, areas to be reserved as greenspace areas; construction schedule, penalties, and repurchase options; outdoor equipment location; roof design; and includes the site plan.

Site Plan shall mean a detailed description of how site is to be developed and shall be included in the siting agreement. It shall include, but is not limited to, building design and location; accessory structures; outside equipment; outdoor storage areas; parking plan; setback areas; landscaping; loading areas; signage plan, and lighting plan.

Wildwood Commerce Park shall mean the industrial park located on Coulson Church Road at Exit 19 adjacent to northbound Interstate 77.

4. PROHIBITED USES

4.1 Prohibited Uses

The following are expressly prohibited in the park:

- 1. Private dwellings or mobile homes. (Construction trailers, with the written permission of BRCEDA, may be used during construction period.)
- 2. Mining, extraction, processing, and removal of sand, gravel, and stripping of top soil (excluding field leveling or stripping of sod for agricultural purposes and excavations in connection with development which has received site plan approval from BRCEDA).
- 3. New and Used Auto Sales and Service
- 4. Churches or other worship facilities.
- 5. Prisons or other facilities used for the purpose of incarceration or rehabilitation.
- 6. Schools and teaching facilities, except those providing adult learning programs.
- 7. Nonprofit agencies or institutions lacking a direct relationship with the overall purpose of generally permitted uses of the Park.
- 8. Uses inconsistent with the goals of the park as determined by BRCEDA.

5. DEVELOPMENT STANDARDS

5.1 General

A relatively wide variety of architectural design and materials shall be permitted. However, it is intended that a basic harmony of architecture shall prevail among all development so that no improvement shall detract from the appearance of the overall Park. Individuality and creativity are encouraged provided that blending of design into the parcel's surrounding context is achieved. The general design context must reflect a high-quality corporate image.

5.1.1 Site Plan Requirement

A site plan detailing planned improvements shall be prepared in accordance with BRCEDA and Carroll County requirements by the purchaser prior to initiation of construction addressing the standards enumerated herein and submitted for approval to the BRCEDA Regional Director for review and approval. A landscape maintenance plan, signage plan, and parking plan shall also be included in the site plan.

5.1.2 Construction Time Limits

The site plan shall be submitted to the BRCEDA Regional Director within six (6) months of the date of delivery of the deed to the purchaser, construction of approved improvements shall begin within one (1) year of the date of purchase, and site improvements presented in the site plan shall be completed within two and one-half (2.5) years of the date of purchase. A construction schedule, penalties, and

repurchase options shall be included in the siting agreement.

5.1.3 Subdivision of Parcels

No purchaser shall subdivide a parcel without the written consent of BRCEDA and Carroll County. The purchaser shall submit in writing the request for subdividing the land. BRCEDA reserves the right to subdivide any and all lots not in the possession of tenants within Wildwood Commerce Park.

5.1.4 Inspection

BRCEDA and Carroll County may from time to time at any reasonable hour or hours enter and inspect any parcel and the improvements located thereon to ascertain compliance with these Covenants.

5.2 Materials

The exterior construction of the front side of buildings within the Park shall be of stone, brick, architectural block, concrete (reinforced, precast, poured in place, or tilt-up), split-faced units, glass, Exterior Insulation Finish System (EIFS) (e.g., DRYVIT), or a combination of any of these materials or of any of these materials with metal. The exterior construction of sides other than the front may be of the above materials or of metal or faced (e.g., stuccoed) concrete masonry units. The front side of the building shall generally mean that side seen when entering the parcel. If the side seen when entering the parcel is other than the side facing the main public road, BRCEDA shall determine which side is considered the front for the purposes of the exterior construction building materials requirements.

On each parcel colors, materials, finishes, and building forms for all buildings shall be coordinated in a consistent manner on all elevations, facades, and sides. External colors in tones that blend with the natural surroundings are encouraged.

5.3 Accessory Structures

The site plan shall control the development of parcels in the Park. No additional or accessory buildings or structures may be constructed which are not identified on the approved site plan without approval of the County and BRCEDA. Additional buildings and enclosures shall be of similar design and materials as the principal buildings.

5.4 Equipment

Transformers or similar above-ground equipment <u>shall be screened</u> to soften the lines of the object.

Dumpsters, recycling equipment and containers, compactors, bailers and other waste management equipment and waste containers shall be located on grade at the rear of the building whenever possible. All such containers and equipment shall be screened so as to not be visible from any public roadway or right-of-way, adjoining parcel, greenspace, lake or pond area. Vegetative screening shall be sufficient when utilized to provide a continuous visual screen of the area year-round.

To the extent that such screening interferes with their normal operation, screening will not be required for antennas, satellite downlink and uplink facilities, or microwave installations, provided, however, that all service connections to such facilities and devices shall be underground unless a part of a structure. Placement of such facilities shall be indicated on the site plan and siting agreement.

5.5 Roofs

It is recommended that all roofing surfaces contained on a particular parcel be of a consistent design and material and shall be addressed in the siting agreement.

5.6 Fencing

The use of fencing on any parcel, other than for required screening of equipment or outdoor storage areas, is not permitted without written approval of BRCEDA.

5.7 Outdoor Storage

All permanent outdoor storage areas shall be included in the site plan and should be designed, located, or screened such that stored materials are not visible from any adjoining parcel or publicly maintained roadway. This may be accomplished by a landscape berm, fencing, and/or continuous evergreen buffer. All screening plantings must be of a size and density at the time of planting sufficient to provide a continuous visual screen of the area. Vinyl-coated chain link fencing may be used to screen outdoor storage areas insofar as the exterior perimeter of the fence is extensively landscaped with, at least, evergreen plantings and trees. Vinyl slats are allowed.

Accumulation of excessive unusable equipment, vehicles, material for recycling, raw materials, damaged finished materials and products, and any other materials, substances, machinery, and parts shall not be permitted and shall be removed upon notice from BRCEDA.

5.8 Maintenance

Each owner, tenant, or occupant of any parcel shall maintain the buildings, grounds, and improvements in a safe, neat, clean, and maintained condition and shall comply in all respects with all governmental statutes, ordinances, and regulations.

Each owner, tenant, or occupant shall remove at their own expense any rubbish or trash which may accumulate on their parcel. Rubbish, trash, garbage, or other waste shall be kept only in sanitary containers. All equipment for the storage or disposal of such materials shall be kept in a clean, neat, and sanitary condition. Rubbish and trash shall not be disposed of on the premises by burying or burning.

BRCEDA shall have the right to remove any rubbish, trash, garbage, waste, unuseful equipment, material for recycling, raw materials or other items accumulated on the property after ten (10) days notice to the property owner and failure to remove it and that upon removal of such items, these items shall pass to BRCEDA with the right to disposal. The property owner or lessee shall be responsible for the cost of removal.

6. REGULATION OF IMPROVEMENTS

No improvements shall be constructed, erected, placed, altered, maintained, or permitted on any parcel unless in conformity with the required site plan and these Covenants.

6.1 Setbacks

Minimum setbacks shall be as follows:

- 1. Front Setback: 40 feet
- 2. Side Setback: 15 feet
- 3. Rear Setback: 25 feet

The County reserves the right to dedicate and construct utility and drainage easements within the setback area.

6.2 Utilities

All utility services, except those in existence at the time of recordation of these Covenants, including electric power, natural gas, telephone, fiber optic, sanitary sewer, or water lines shall be installed underground. Gas storage tanks and transformers required to be placed above ground shall be screened to the extent possible.

6.3 Grading

Cut slopes and fill slopes shall have rounded edges or as approved in the Erosion and Sediment Control Plan. Modifying the surface to emulate the natural landforms or existing terrain, for the purpose of blending the slope into its surroundings and minimizing the artificial look is encouraged, as is the use of tree plantings and other landscaping to further obscure the visual impact of the slope.

7. PARKING STANDARDS

7.1 General

Each parcel shall contain all required parking for ultimate buildout within the parcel. Off-site parking shall not be permitted. Parking shall not be permitted on any street or public right-of-way, and owners of parcels or their tenants shall be responsible for communicating this requirement with respect to their employees and visitors. On-street parking shall result in the vehicles being towed, and it shall be the responsibility of the vehicle owner to recover the car and pay all towing and storage costs.

7.2 Required Parking

A parking plan shall be included in the site plan. The parking plan should present the operational realities of the business, for example, the number of employees the building will accommodate and the number of shifts anticipated.

7.3 Design Standards

7.3.1 Location

Employee and general operations parking areas may be constructed on any part of a parcel as delineated in the site plan except the required setback areas.

Visitor parking, if provided, shall be allowed in front set yard provided a 15' landscape buffer is provided between the right-of-way and the park areas and another 15' buffer is provided between the parking area and front building façade.

7.3.2 Pavina

All access drives and parking areas shall be paved with asphalt (hot plant mix), reinforced concrete, block pavers, or equivalent materials to provide a smooth, even, and dust-free surface. All vehicle parking shall be confined to these areas.

7.3.3 Curb and Gutter

All curbing or curb and gutter provided for storm water control between the front of a primary structure and an adjacent publicly maintained right-of-way shall be concrete and in accordance with Virginia Department of Transportation standards required by the approval agency.

7.3.4 Landscaping

The site plan shall include proposed landscaping within parking lots. Landscaped parking islands are required, with plantings in such areas physically protected from vehicles by concrete curbing or equivalent material.

7.4 Off-Street Loading Areas

Provision for handling all truck service shall be totally within each parcel. No off-street loading areas shall be located within the required setback adjoining any boundary.

Loading areas shall be designed and located so that they are not a visual distraction when viewed from public roadways. The uses of earth berms, structures and/or landscape screening shall be employed to screen loading areas to the extent possible and shall be included in the site plan.

8. SIGN STANDARDS

8.1 General

A signage plan shall be a part of the site plan for the parcel. Signs shall relate only to the manufacturer or business; goods, services, or activities on the parcel upon which

the sign is located. No billboards or outdoor advertising shall be permitted.

No moving signs or flashing lights on signs, roof-top signs, or pole-mounted signs shall be permitted.

All signage on a parcel shall be uniform in appearance and design. Signage shall be uniform in materials, color scheme, lettering style, proportions, lighting, and other characteristics.

8.2 Permanent Signs

Signage is a key element to the overall visual impact of any development. Individuality and creativity in sign design are encouraged while blending the design into the parcel's surrounding context. Signs shall be approved by BRCEDA prior to their construction.

8.2.1 Business Signs

Business signs may contain only the name, business product or service of the occupant, and may include the occupant's logo. The maximum total square footage for all business signs, wall and monument, on a parcel is 200 square feet.

8.2.1.1 Wall-Mounted Signs

A single sign is permitted on the front of the principal buildings or on a side wall if clearly visible from the street.

Wall-mounted signs shall not project more than 12 inches from the wall surface, shall be single-sided, shall be mounted so that the back of the sign is flush with the wall surface, and shall not project above the eave line.

No sign face may exceed 100 square feet in surface area unless approved by BRCEDA.

8.2.1.2 Monument Signs

One monument business sign per parcel shall be permitted.

Monument business signs shall not be less than 10 feet from any property line and shall not obstruct required roadway and entrance site distances.

Monument business signs may be single sided or double sided, but no sign face may exceed 80 square feet in surface area.

In addition to the sign face, a monument sign may be placed on a brick base that shall not exceed 3 feet in height.

8.2.2 Informational Signs

Informational signs may be erected to direct traffic or pedestrian movements or to give warnings of restricted areas, hazards, or to advise of no parking.

The number of informational signs should be limited to the smallest number possible to convey the necessary information.

Informational signs should conform to Section 8.1 paragraph 3 above concerning uniformity of design within a given project or parcel.

8.3 Temporary Signs

8.3.1 Sale or Lease Signs

Signs advertising a parcel or building for sale or for lease are allowed.

Sale or lease signs shall be limited to one sign per parcel or building. Such signs may be single or double faced.

Sale or lease signs may not exceed 20 square feet per sign face and may not exceed 10 feet in height.

8.3.2 Construction Signs

Upon commencement of construction, one sign may be erected which may identify architects, engineers, contractors, financing sources, and other establishments providing services for development or construction. This sign may not exceed 32 square feet per sign face or 10 feet in height.

Construction signs may contain several structural elements identifying various establishments providing services, or may be composed of a single element. In either case, construction signs must present a neat and unified appearance. Construction signs may be single or double faced.

As soon as the occupancy permit is obtained, all construction signs shall be removed.

8.4 Maintenance

Maintenance of all signs shall be required by all owners, tenants, and occupants. Signs shall be kept cleaned and maintained so as to preserve the state of quality that existed at the time of installation.

9. LANDSCAPING STANDARDS

9.1 General

The site plan shall provide the landscape design for the site and a plan for maintenance of landscaped areas.

All disturbed open areas on each parcel not occupied by buildings, structures, outdoor storage areas, paved areas, parking areas, loading areas, driveways, or walkways shall be suitably graded and drained and shall be landscaped with lawns, trees, shrubs, or

suitable ground cover as soon as is practicable during construction.

All landscaping required hereunder or otherwise to be provided on any parcel shall be completed within 60 days after the substantial completion of any buildings to be constructed on the parcel. Provided, however, if weather conditions do not at such time permit completion, then such landscaping shall be completed as soon thereafter as weather conditions permit.

9.2 Plant Selection

Use of plant species which are native to Carroll County is encouraged. Diversity of species within each site is also encouraged. Aggressive or nuisance non-native species shall not be introduced into the Park.

9.3 Maintenance

All landscaping on each parcel and on the landscaped portion of any abutting street shall be properly maintained by the owner or tenant of the parcel. Maintenance shall include all necessary planting, cutting, watering, fertilizing, seeding, spraying, pruning, weeding, and required replacements.

10. EXTERIOR LIGHTING

10.1 General

The intent is to create a consistent exterior lighting system for the Park. All lighting systems shall be designed so as not to produce significant illumination or glare beyond the parcel on which it is located. All electric wiring shall be installed underground. In addition to lighting provisions set forth herein, all lighting shall comply with applicable building codes. A lighting plan shall be included as part of the site plan showing the foot-candles and light spillover on adjacent property.

10.2 Mounting Height

The maximum permitted mounting height for any lighting fixture shall be 30 feet. Fixtures designed to illuminate pedestrian walkways shall have a maximum height of 12 feet.

10.3 Lighting Type

Low bollard fixtures and landscape lighting are recommended for walks and building entries.

To minimize glare and light spillover, light fixtures greater than 12 feet tall shall use luminaries with cut-off optics, light-diffusing shields, or equivalent.

Lighting systems will be designed to achieve an average maintained horizontal illumination level at the ground surface of 1-2 foot-candles, with luminaries spaced to achieve a uniformity ratio (average-to-minimum) of 6:1 within the lighted area.

To enhance pedestrian safety and security, lighting systems shall be designed to produce a broad color spectrum to emulate natural color balance with high definition and high resolution.

10.4 Building and Sign Illumination

Building and sign accent illumination shall be permitted utilizing wall-mounted or set-back methods.

Building and sign accent illumination shall be installed and aimed so that glare will neither hinder vehicular or pedestrian traffic, nor present a hindrance to operations on-site or on any adjacent parcel.

Building mounted floodlights are permitted only if they are shielded so that direct glare is not visible from surrounding properties and adjoining roadways.

"Wall-Pack" lights are not allowed as area or parking lot lighting.

11. ENVIRONMENTAL PROTECTION

All owners, tenants, and occupants shall use and manage their parcel and conduct their operations in a manner which ensures continuous compliance with all applicable and governing local, state, and federal environmental laws, ordinances, regulations, rules, policies, and procedures.

12. RIGHT OF FIRST REFUSAL CONDITIONS

In the event that any Park property owner shall receive a bona fide offer to buy any property in the Park in accordance with the terms of these Covenants, it shall, before consummating such a sale, present to, in affidavit form, the terms and conditions of such proposed sale for approval. BRCEDA reserves the right to purchase said property within 60 days thereafter upon the same terms and conditions contained in such bona fide offer made to the owner by any third party.

Uses upon resale shall be only as allowed by these Covenants and approved by the BRCEDA.

13. AMENDMENTS

These Covenants may be amended only by the written consent of the BRCEDA.

Amendments shall be recorded in the Carroll County Circuit Court Clerk's office, and shall become effective upon such recording. All amendments shall be executed by the landowners in the Park evidencing their consent thereto.

14. ENFORCEMENT

BRCEDA or its designee reserves the right or duty to enforce these Covenants.

15. SEPARABILITY	
Invalidation of any one of these restrictions I in no way affect any of the other provisions,	by judgment, court order, or legislation shall which shall remain in full force and effect.

WILDWOOD PARK PROJECT PARTICIPATION AGREEMENT - INITIAL PHASE

THIS AGREEMENT, dated this the 20th day of September, 2010 by and between BLUE RIDGE CROSSROADS ECONOMIC DEVELOPMENT AUTHORITY ("BRCEDA"), a body corporate, organized and created pursuant to Chapter 64 of Title 15.2 of the Code of Virginia, 1950, as amended, (the "Authority") and GRAYSON COUNTY, VIRGINIA; CARROLL COUNTY, VIRGINIA; AND, THE CITY OF GALAX, VIRGINIA, all being political subdivisions of the Commonwealth of Virginia and members of the Authority and participating jurisdictions herein (the each being a "Participant" and together being "Participants"),

WITNESSETH:

WHEREAS the Authority has been created under the provision of Chapter 64 of Title 15.2 of the Code of Virginia, 1950, as amended, to promote economic development in the region; and,

WHEREAS the Participants and the Authority have identified the development of the Wildwood Park Project, Initial Phase, located in Carroll County, Virginia (the "Project"), as an important project for the region to promote the purposes for which the Authority has been formed; and,

WHEREAS the Authority and the Participants desire to enter into this Agreement for the purpose of establishing the scope of the Project, the investment therein of the Authority and the Participants and the revenue sharing from the Project.

NOW THEREFORE, in order to carry out the purposes for which the Authority was formed and to create a project which will promote the economic development of the region and the Participants, the parties hereto do hereby agree as follows:

PROJECT DESCRIPTION

The Wildwood Park, Initial Phase ("Project") may, subject to funding, include the following items:

- acquisition of 164+/- acres of land located in Carroll County, Virginia (the "host locality") being a potion of Tax Map Nos. 50-A-31, 50-A-31A and 49-A-142 as shown upon the tax maps of Carroll County, Virginia;
- acquisition of access, water supply, waste water disposal, fiber and natural gas for the
 Project and easements therefore;
- obtaining options for additional land adjoining the Project;
- construction of an access road to the Project site from the existing public road;
- detailed engineering plans for the provision of water supply and waste water disposal for proposed users in the Project.

Any enlargement of the scope of the Project in excess of these components shall require unanimous consent of all Participants.

П

PROJECT UNDERTAKEN IN THE NAME OF THE AUTHORITY

The development of the Project shall be undertaken in the name of the Authority and, subject to the terms of this Agreement, the Authority, shall own, hold, lease, use, sell, encumber, transfer, and dispose of any real or personal property comprising part or all of the Project, provided, however, that the Authority is hereafter required to take all actions related to the Project as directed by the Participants and may not lease, use, sell, encumber, transfer or dispose of any real or personal property comprising part or all of the Project or take any action or perform any function related to the Project or any portion thereof without the express direction and approval of the Participants.

ADDITIONAL PHASES

The Project herein described is the Initial Phase for the Wildwood Park. All parties hereto recognize that development of the Wildwood Park may involve several phases beyond the Initial Phase. In the event additional Phases to the Wildwood Park are undertaken by the Authority, the Participants herein shall have first priority to purchase shares in such additional Phases to the Wildwood Park in the same proportion as their ownership in the Initial Phase at such price as the parties shall hereafter agree, but no Participant in this Project shall be obligated to purchase any additional shares in this or any other Phase of the Wildwood Park.

Additionally, the Participants may agree to undertake additional projects outside of the Project. In the event additional projects are undertaken by the Authority, the Participants herein shall have first priority to purchase shares in such additional projects in the same proportion as their ownership in the Initial Phase at such price as the parties shall hereafter agree, but no Participant in this Project shall be obligated to purchase any additional shares in this or any other project. If additional projects are undertaken, the parties may agree to utilize this Agreement as the basis for such projects and that the Authority manage such additional projects.

ΤŸ

PROJECT CONTROL

The Participants, acting through their duly appointed representatives to the Board of the Authority, shall have sole responsibility for the decisions required for the construction, management, and overall implementation of the Project. The Participants shall set their own rules of operation and require the Authority to take the actions necessary to implement and operate the Project, retain Project consultants and utilize staff as needed for the Project.

ANNUAL BUDGETS AND DEFICITS

As soon as practicable after funding has been established, and by March 1 of each future year, the Authority shall develop and present to the Participants its operating and capital budgets for the project for the fiscal year beginning the following July 1, showing all contemplated expenditures for operations, administrative costs, capital expenses, debt service and all anticipated revenues from revenue sharing, federal and state grants, and other sources. This annual budget shall be approved by the Participants on or before July 1 of each year. Each Participant and the Authority shall be entitled to review the financial records of the Project upon request. An annual audit of the Project's financial records performed by a licensed Certified Public Accountant shall be performed as part of the annual audit of the Authority and each annual audit statement shall be furnished to each Participant.

The offering share price, to be paid annually by the Participants to the Authority for the Project, shall include payment of annual debt service, including financing costs and expenses and administrative costs and expenses for the Authority to operate the Project. No additional costs or expenses of the Project, including administrative expenses shall be charged to any Participant without the express written consent of that Participant.

VI

FINANCING

Financing of the project shall be arranged in the name of the Authority. All loan obligations for the Project shall be the sole responsibility of the Participants in the Project which shall reimburse the Authority for all expenses incurred by the Authority for the Project. Without its express consent, a Participant shall not be responsible for any portion of such loan obligations and expenses in excess of its proportional interest in the total outstanding shares of the Project.

VII

LIMITATION OF LIABILITY

The Authority shall ensure the payment of all obligations, costs and expenses for the implementation of this Project such that the Participants are solely responsible for discharging the Authority's obligations in respect to the Project. Non-participating members of the Authority and the Authority itself are not responsible for the financing or debts of the Project or for any future projects undertaken by the Participants.

VIII

CONTRIBUTIONS AND OWNERSHIP

The ownership interest in the Project shall be determined as follows:

- Each member locality in the Authority shall be offered 1/3rd share in the Project, or 1,000 shares of a 3,000 Share Pool. The value of the shares is dependent upon the financing structure of the Project and shall include an amount for the annual payment of administrative expenses. Localities can decide if they wish to accept any or all of the offered shares;
- 2. All shares not taken under provision 1 shall be then offered to those localities which have agreed to purchase shares in the Project. Each of those localities may purchase that portion of the remaining shares equal to the proportion of shares that locality initially purchased of the total shares purchased by all localities under provision 1;
- 3. Any shares in the Project thereafter remaining shall first be offered to the host locality;
- 4. Any shares thereafter remaining shall then be offered to others, including private or other non-member investors, on such terms and for such consideration as determined by the participating localities.
- 5. Each participating locality ("Participant") will contribute annually to the costs and expenses of the Project, including repayment of any financing, with interest and

expenses, in proportion to the amount of shares it owns to the total outstanding shares, subject to the limitation that a Participant's annual contribution, per share, shall not exceed, without its consent, the initial share price. Each Participant will receive a distribution of revenue from the Project as provided in Article XII of this Agreement, resources permitting. The initial annual payment shall be made by each Participant within thirty (30) days after execution of this Agreement by all Participants.

Should any Participant fail or neglect to make any such annual contribution to support the Project, including the repayment of financing and all costs and expenses, and such

the Project, including the repayment of financing and all costs and expenses, and such failure continues for more than twenty (20) days after written demand by the Authority, such Participant shall forfeit and lose any and all interest and shares in the Project and such forfeited shares shall be redistributed among the Participants as provided in this Article. Such forfeiture of shares shall not relieve such Participant of any liability related to the Project.

IX

FINANCING PLAN

The financing plan for the implementation of the Project is a combination of grant and loan sources. Financing for the Project will require the Participants to share in the annual debt service and costs on the funds borrowed to complete the Project and administrative costs and expenses.

The total estimated cost of the Project is \$8,300,000, and the revenue sources are as follows:

	AMOUNT
CDBG Grant	\$ 700,000
EDA Grant	\$ 500,000
ARC Grant	\$ 500,000
VDOT Access Road Grant	\$ 500,000
VDOT local match	\$ 150,000
Virginia Tobacco Commission	\$1,000,000
Rural Development Direct Loan	\$6,250,000

The annual payment required for each share is that amount which when multiplied by the total shares outstanding will pay the annual debt service on the loans to support the Project and shall include an annual administrative fee as agreed by the Participants. It is agreed that the annual share price will support the Project, including costs of financing and administrative costs and expenses and that a Participant's annual payment per share shall never exceed, without its consent, the initial share price. Annual payments by the Participants shall continue until all debt repayment is accomplished and may be reduced as loans are paid. After all debt service is retired, the annual contribution of each Participant shall be reduced to that amount which will pay the annual administrative fee as agreed by the Participants. In addition to such amounts, the parties may agree to contribute additional funds in any budget year as they deem necessary for improvement of the Project, with such amounts to be repaid as the Participants shall agree.

 \mathbf{X}

REQUIREMENT FOR DEVELOPMENT OF THE PROJECT

All business (es) or industry (ies) locating in the Project shall execute a performance agreement with the Authority and the host locality. Should such business (es) or industry (ies) require improvements in the infrastructure of the host locality, which cannot be provided through rate based, financing, the performance agreement shall provide for payment for such infrastructure

on such basis as all parties to the performance agreement, including the host locality, shall agree. The performance agreement shall contain such other terms and conditions as the parties may agree, and may include a guarantee for payment of sufficient revenue from the business (es) or industry(ies) to generate an acceptable level of Revenue to the host locality and the Participants and may include a guarantee that such payment and the Revenue will not be reduced by any reduction of the tax rate. Preference is to be given to those businesses and industries that will substantially increase the tax base of the Project and to businesses and industries that complement the existing businesses and industries in the Project.

The governing body of the locality in which the Project is located (the "host locality") shall have the sole right to disapprove the business or businesses, industry or industries which shall be allowed to locate in the Project. Such right to disapprove any business, industry or industries shall be reasonably exercised.

XI

PARTICIPANTS MAY SELL SHARES

Participants in the Project are authorized to sell their shares in the Project subject to the approval of the Authority. Prior to offering such shares for sale to any party, the Participant shall first offer the shares to the remaining Participants in the same order as contained in Section VIII of this Agreement and at the same price as to be offered for sale to others. The conditions of sale must also be accepted by the bondholders or their representatives and all other secured creditors.

XII

REVENUE SHARING

Revenue from the Project shall be determined and established from three sources:

1. Revenue received by the Authority from the sale, lease or otherwise from any business, industry or other entity locating in or purchasing any right, title or interest in and to the Project or any property located in the Project shall be considered revenue from the Project

to be shared pursuant to this Agreement;

- 2. The current taxes paid to Carroll County, Virginia on the property located in the Project as of the date of this agreement shall be the "base tax". Any increase in the base tax due to the improvement of the property in the Project or location therein of commercial or industrial businesses, of any nature, whether such increase in revenue is due to an increase in real estate, machinery and tools, business license or other taxes, shall be considered revenue from the Project to be shared pursuant to this Agreement;
- 3. It is agreed that improvement of the Project will also result in increased values of the real estate located in certain properties adjacent to the Project. Attached hereto as Exhibit A is a map upon which the lands constituting the Project and certain properties adjacent to the Project are shown by being enclosed in the dark boundary. The properties enclosed in such boundary and not included in the Project property constitute the "quad properties". The current real estate taxes paid to Carroll County, Virginia on the quad properties as of the date of this Agreement shall be the "base quad real estate taxes". Any increase in the base quad real estate taxes arising after the improvement and development of the Project has been commenced shall be considered revenue from the Project to be shared pursuant to this Agreement. This provision as to the quad properties shall only apply to applicable real estate taxes generated in the quad properties and Carroll County, Virginia shall exclusively retain all other taxes, fees and other benefits relating to the quad properties.

Revenue from the Project determined as established in the preceding paragraphs as revenue from the Project shall be collected by the host locality and shall be distributed first to pay any current installments of debt due on the Project, including financing payments of principal and interest, all outstanding or anticipated costs and expenses of the Project and then any remaining revenue shall be then distributed to the Participants in the Project based upon their percentage of shares owned in the Project except as otherwise provided herein.

Revenue amounts shall be determined and agreed to prior to the siting of any business or industry on the Project. Contributions of any Participant(s) specifically to the location and siting of any particular business or industry in the Project, through incentives or otherwise, shall change the percentage of revenue to be distributed to the Participants as available from that particular business or industry. Calculation of revenues to be distributed from such particular business or industry shall be on a percentage basis to include such specific contribution of any Participant(s) and distributed on such basis so that any Participant contributing specifically to the location and siting of that particular business or industry shall receive a higher percentage of the revenue available from that business or industry.

Neither reduction of the tax rate hereafter or abolition of any current tax shall reduce the revenue to be paid to the Authority by the host locality.

ХШ

WITHDRAWAL AS A PARTICIPATING JURISDICTION

Once obligations have been incurred by the Authority in favor of the Project, participants in the Project may withdraw from the Project only as the other participants may unanimously agree. The conditions of withdrawal must also be accepted by all secured debtors and bondholders or their representatives.

XIV

ANNUAL APPROPRIATIONS

The revenue sharing, payments and contributions to the Authority herein required by the participants are specifically authorized as to local governments pursuant to § 15.2-6406 and § 15.2-6407 of the Code of Virginia, 1950, as amended. In the event such code provisions are held to be invalid so that the payments and contributions hereunder may be considered to be the debt of a local government pursuant to Article VII, Section 10 of the Virginia Constitution, such payments and

contributions shall not be debt of such participating local government but shall be subject to and dependent upon annual appropriations being made from time to time by its governing body and each participating locality agrees that its chief administrative officer shall annually request, and use his or her best efforts to secure the governing body's approval of such annual appropriations necessary to make such payments and contributions as required by the provisions of this Agreement

XV

AMENDMENT

This Agreement may be amended from time to time as the parties may agree, provided all amendments shall be in writing and shall require unanimous consent of all Participants and the consent of the Authority and the host locality.

IN WITNESS WHEREOF, the Governing Bodies identified, by authorized action, have caused this Agreement to be executed, and their respective seals to be affixed hereto and attested by their respective clerks or secretaries commencing this 20th day, of September, 2010.
